EFFICIENTLY LOAD OUT DIRECTLY FROM SHED HOLDING PENS

The ProWay Raised Shearing Shed Loading Ramp has been expertly developed to maximise efficiency by loading and unloading directly from shearing shed holding pens.

The Shearing Shed Loading Ramp boasts all of the key features of our 8.0M Permanent Sheep Ramp range including 915mm internal width, non-slip walkways and handrails, a self engaging safety bar and the ability to load up to the 3rd deck of a truck.

- Heavy duty galvanised H frame and gantry ensures longevity
- 915mm internal width with full sheeted sides
- Features a 5:1 brake winch with optional 12V winch upgrade
- Sheeted 1.0m sides
- Fully galvanised construction with Australian steel
- Self engaging safety bar
